Nursery Home Liaison 4th and 11th March 20234

Our story for the next two weeks is: Jack and the Beanstalk.

Personal, Social, Emotional Our role play area will become the giant's castle from 'Jack and the Beanstaik'. The children will independently be Development (PSE) Development (PSE) supported to make their own smaller castles or bean stalks using a range of materials in the deconstructive role play area. Physical In preparation for Science Week the children will take part in a hand washing experiment by using gitter to represent germs and ensuring their hands are clean after washing them. This will prepare us to wash about the importance of good hygiene. Communication & Language (CL) The children will be able to access a 'science feely bag' which has a range of unusual 'scientific' objects unthin it. The children will be early the care of the content inside of our card too. Mathematical Using the connecting cubes the children will be encouraged to make their own towers and beanstalks. Development (MD) We will have a go at writing more of the content inside of our card too. Mathematical Using the connecting cubes the children will be access a' science tard top and estimate the number of cubes in their tower. We will neave ago at wreasuring these and comparing the heights and exploring which is the tallest/smallest. The children will be ablewards depending on each child's ability. Understanding the tall set/stranding the tallest/stranding the tallest/stranding the weeks. We will learn how to look after them and consider where our vegetables have come from to make our soup. Expressive Arts & Design (EAD) For our 'fetters and sounds' activity we will be allowing many opportuniti		7 6
Development (PSE) supported to make their own smaller castles or bean stalks using a range of materials in the deconstructive role play area. Physical In preparation for Science Week the children will take part in a hand washing experiment by using glitter to represent germs and ensuring their hands are clean after washing them. This will prepare us to wash our hands well enough to cut and chop our own vegetables to make our very own soup. We will talk about the importance of good hygiene. Communication & The children will be able to access a 'science feely bag' which has a range of unusual 'scientific' objects within it. The children will develop their knowledge of these and understand what they may be used for. Literacy (LD) The children will be mark making their names for their special Mothering Sunday cards. Some of us will have a go at writing more of the content inside of our card too. Mathematical Using the connecting cubes the children will be encouraged to make their own towers and beanstalks. Development (MD) We will have a go at measuring these and comparing the heights and exploring which is the tailest/smallest. The children will bod their own experiment by planting some seeds and predicting what will happen to them over the next few weeks. We will learn how to look after them and consider where our vegetables have come from to make our soup. Lypressive Arts & For our 'letters and sound,' activity we will be allowing many opportunities during free play and circle time for the children will be exported to develop their vocabulary to describe each sound, their speed and their pitch etc. Nursery Home For this week's hom		Our role play area will become the giant's castle from 'Jack and the Beanstalk'.
