

# Home School Liaison

Crane

25/03/2024

Personal, Social, Emotional Development (PSE) & Physical Development	Using photographs on the interactive screen, we will remind ourselves of all the learning we have completed this term.
Communication & Language (CL)	Please see picture attached for some of the fabulous vocabulary we have learnt this half term.
Literacy (LD)	Last week, we assessed everyone using our phonics tracker which gives us the option to print off any gaps in children's knowledge. This week, I will print off those gaps and pop in reading packets in order for you to use over the Easter break.
Mathematical Development (MD)	We have been thinking of facts about numbers for example "10 is greater than 4", "10 needs 6 to be 16", "9 is a square number" and "11 is an odd number". As you chat with your child, ask them if they know a fact about a number and see what they can come up with!
Understanding the World (UW)	When we first started thinking about Easter, much of our knowledge was focussed on eggs and Easter bunnies! This week, we will reassess our knowledge.
Expressive Art & Design	We will use cynotype paper to create an Easter card.

Any questions please see me after school
